

Cost effective, ergonomic
and PCI PED certified
PIN Pad, upgrade to EMV 4

Ingenico 3050

PIN Pad Range

- **Ingenico 3050** is a small footprint, hand-held PIN Pad ideal for use in single POS environments.
- It is based on Ingenico's UNICAPT™ 32-bit platform architecture providing EMV level 2 kernel, powerful processing of cryptographic algorithms and secure multi-application environment.
- Ingenico 3050 is PCI PED online and offline certified.
- It offers a cost-effective way to up-grade existing operations to include secure customer activated transactions and PIN entry.
- Accurate ergonomics thanks to its large graphic display and function keys improve user friendliness.
- Enhanced confidentiality thank to its shand-held design and optional privacy shroud.

Physical and logical security

- Ingenico 3050 is PCI PED certified.
- Multi application security is provided by UNICAPT™ technology permitting several applications to run independently on the same device. An additional benefit is the portability of applications across the whole range.

Multiple functions

- Secure downloading of applications (new and update) using local or remote download.
- Multiple languages supported.

Ergonomic design

- This hand-held PIN Pad fits in the palm of the hand.
- Small footprint to optimise counter space.
- Large graphic display combined with function keys offers user friendly interface and navigation ease in the applications
- Optional privacy shroud to assure optimal user confidentiality.

Simple and cost-effective transition to EMV 4

- Compatible with all of Ingenico countertop terminals (TT41, TT42, Elite 515, i5100 etc), i3050 provides a cost effective way to upgrade existing point-of-sale operations to comply with EMV and PIN entry standards.
- Ingenico 3050 can also be used with non-Ingenico terminals.

Memory	2MB SRAM & 4MB Flash
Processor	ARM 7 32 bits
Architecture	UNICAPT 32 EMV level 2 approved
Security	PCI PED on-line/off-line certified Optional privacy shroud
Display	Graphic, 128 x 64 pixels, backlit
Keypad	18 keys (including navigation keys)
Smart card reader	EMV level 1 approved. ISO 7816 1-2-3-4 Async/Sync. T=0 & T=1
Connectivity	RS 232
Cable	Detachable cable
Environmental	Operating temperature: 5°C to 50°C
Dimensions	H: 36 mm x W: 80 mm x D: 138,5 mm
Weight	200 g (without cable)
